**MINUTES**

A teleconference meeting of the California Authority of Racing Fairs Board of Directors was held at 12:30 P.M., Tuesday, May 3, 2011. The meeting was hosted at the California Authority of Racing Fairs Board Room, 1776 Tribute Road, Sacramento, California, 95815.

CARF Board Members attending: John Alkire, Norb Bartosik, Dan Jacobs, Mike Paluszak and Rick Pickering. Joining by conference call: Vince Agnifili and Kelly Violini.

Staff and Guests attending: Christopher Korby, Larry Swartzlander, Heather Haviland, Amelia White, Rick Wood, Raechelle Gibbons, Stuart Titus, Rebecca Desmond, Troy West, Tawny Tesconi, Tom Sawyer, Chris Carpenter and Richard Lewis. Joining by conference call: Louie Brown.

**Agenda Item 1 – Date, Time and Location of Next Meeting.** The next CARF Board of Directors meeting will be scheduled for June 7, 2011 in Sacramento.

**Agenda Item 2 – Approval of Minutes.** Mr. Paluszak requested to amend Agenda Item 3, last paragraph, to reflect 15% in initial disbursements from F&E. Mr. Paluszak moved to approve the meeting minutes as amended. Mr. Pickering seconded, unanimously approved.

**Agenda Item 3 – Report, Discussion and Action, if any, on Legislative Program for 2011 and Beyond.** Mr. Korby reported that the CARF sponsored bill, AB 270, carried by Assembly Member Henry Perea which contains language to eliminate the satellite supervisor position for Fairs in financial hardship is moving forward without opposition.

**Agenda Item 4 – Report, Discussion and Action, if any, on Funding Applications and Disbursement Plan for Funds from CDFA F&E for CARF Programs.** Mr. Korby reported that the completed application forms have been included as a bound report in the meeting packet. The Sonoma County Fair proposal did not make the original deadline for the packet, but is available as a handout. The Ventura County Fair did not submit an application and has not been in contact with the CARF office. Once the applications are approved by the Board, a two-step disbursement process will begin with F&E releasing 15% of the allocations to Fairs.

Mr. Korby reported that the Live Racing Committee took action to recommend the Board approve the funding applications as presented, with the understanding that the opportunity exists for individual live racing Fairs to return to the Committee with a revised proposal, which could include using a portion of the funds to supplement purses.

Mr. Korby reported that staff has reviewed the proposals and recommends that the Live Racing Committee approve the projects as presented.

Mr. Paluszak moved to approve the applications as recommended by Staff and the Live Racing Committee with the additional caveat to grant the Executive Director authority to approve the Ventura County Fair application after receipt and review. Mr. Pickering seconded, unanimously approved.

Mr. Korby reported that the San Mateo County Fair presented a special set of circumstances in that the Fair has outstanding loans with CARF and F&E. During the April 5, 2011 meeting, the CARF Board recommended that the satellite Capital Improvements' funding for San Mateo County Fair include the following conditions: 1) the SMCF signs a declaration that its 20-mile consent radius for other satellite facilities will apply only within the County of San Mateo; 2) SMCF gives its advance written consent to implementation of a satellite facility at the Cow Palace; 3) SMCF agrees that the funding allocation will be used exclusively to pay down debt on the satellite facility loans from CARF and F&E. In the event that SMCF does not agree to these conditions, the CARF Board recommended that this allocation be disbursed according to a pro-rata formula, based on pari-mutuel handle, to other CARF member Fairs. The Board authorized the Executive Director to work with F&E and San Mateo County Fair on the details of this debt repayment.

Mr. Carpenter reported that he presented the before-mentioned conditions to his Board of Directors. Two of the conditions were deemed acceptable, but the Board will not agree to relinquish the 20-mile radius protection surrounding the satellite. The SMCF Board felt it was unjust to ask the Fair to agree to conditions not placed on other Fairs in order to receive funding. The SMCF Board respectfully requests the CARF Board resend the condition regarding the 20-mile radius protection.

Included in the meeting packet was a written response from F&E regarding Mr. Carpenter's concerns.

Mr. Korby suggested, as a compromise beneficial to all parties, that the San Mateo County Fair waive the 20-mile radius protection for the Alameda County Fair only, for a prospective mini-satellite location in Alameda County. Mr. Carpenter responded that he would be willing to present the proposed compromise to his Board.

Mr. Pickering moved to amend the funding conditions imposed on the San Mateo County Fair during the April 5, 2011 CARF Board of Directors to rescind the requirement for San Mateo to relinquish 20-mile consent radius outside of San Mateo County. As a substitute condition, San Mateo County Fair would enter into an agreement with the Alameda County Fair to allow a mini-satellite wagering facility operated by the Alameda County Fair in Alameda County. Mr. Jacobs seconded, unanimously approved.

Mr. Korby offered to amend the agreement immediately in order to offer the SMCF Board time to review the revised consent requirements.

Mr. Jacobs moved that the CARF Board of Directors grant the Executive Director the authority to accept the agreement with no further Board action if the San Mateo County Fair agrees to the revised consent requirement as approved by the CARF Board. If the San Mateo County Fair does not agree to the revised terms, the funding will be distributed proportionally between the remaining CARF members. Mr. Paluszak seconded, unanimously approved.

Ms. Desmond requested that the Board discuss the details of the San Mateo County Fair loan repayment, specifically percentages. Ms. Desmond recommended either 70/30 or 55/45 split with F&E receiving the larger share in either scenario.

Mr. Pickering moved to recommend a 50/50 split for discussion. Mr. Pickering amended his motion to direct that the San Mateo County Fair loan repayment be structure so that F&E is granted 55 percent of the allocation and CARF is granted 45 percent. Mr. Paluszak seconded, unanimously approved.

**Agenda Item 5 – Report, Discussion and Action, on Re-Allocation of Change Fund.** Mr. Korby reported that the Live Racing Committee adopted three motions, as a recommendation to the CARF Board, regarding the allocation and disbursements by F&E regarding the Change Fund.

Mr. Korby presented the motions and recommended the CARF Board adopt the motions as a recommendation to F&E. The motions were presented as follows:

**Motion:**

**Recommendation for Allocation of Change Fund**

The CARF Board finds the following:

- California Fairs simulcast network cannot operate without a cash bank.
- The Change Fund of \$1,014,000 was first allocated by F&E to CARF in 1987 when simulcasting started in CA. CARF held the Change Fund in trust for twenty-four years.
- The Change Fund is a critical management tool for settlements, reconciliations and distributions when Fairs conduct live horse racing. It plays an essential role in CARF cash flow management during racing operations. CARF uses the Change Fund so as to manage prompt and timely payment of purses to horsemen, payment of commissions to Racing Fairs and payment of commissions (“2% location fees”) to satellite Fairs. Fairs and horsemen are reliant on prompt payment of these revenues.
- CARF has continued to hold the Change Fund as security collateral for its share continuing Northern California simulcast operations.
- CARF has also holds the Change Fund on behalf of its members against the eventuality that private tracks in Northern California will close operations and Fairs will once again be required to furnish a cash bank to continue simulcast operations.

Therefore, the CARF Board recommends that the Change Fund of \$1,014,000 be allocated for the purposes noted above.

**Motion:**

**Disbursement of Funding for Change Fund**

CARF Board recommends that the Change Fund of \$1,014,000 will be disbursed to two Racing Fairs conducting live racing in 2011 and which not on the “at-risk” Fairs list. Specifically, the CARF Board formally endorses and recommends that F&E disburse the Change Fund to two Fairs: Cal Expo and Fresno District Fair in single payments of \$507,000 to each Fair. These funds are to be used exclusively for the CARF Change Fund.

**Motion Directed to Trustee Fairs:**

**Disbursement of Change Fund**

The CARF Board moves that the Fairs entrusted with managing the Track Safety and Maintenance Program funds (Cal Expo and the Fresno District Fair) remit the Change Fund to CARF for use on behalf of all Fairs which conduct live racing within 30 days for to ensure continuation of timely payment of commissions, satellite location fees and purses.

Mr. Pickering moved to approve all three motions, as adopted by the CARF Live Racing Committee, regarding the allocation and disbursements of the Change Fund from F&E, as a recommendation to F&E. Mr. Paluszak seconded, unanimously approved.

**Agenda Item 6 – Discussion and Action, if any, on FY2011/2012 Expenditure Plan Proposed by CDFA F&E.** Mr. Korby stated that the 2011/2012 CDFA Network of Fairs Expenditure Plan was recently released and is included in the meeting packet.

Ms. Desmond reported that the expenditure plan will focus on community relevance, fiscal and policy oversight and intervention and transition. Ms. Desmond stated that F&E is facing a new era of oversight and administrative support while retaining approximately half of the current staff.

Mr. Pickering thanked Ms. Desmond for working diligently to return funds to CARF for use at live racing and satellite wagering Fairs.

**Agenda Item 7 – Report, Discussion and Action, if any, on Possible of Restructuring of Fairs.** Mr. Korby stated that a report is included in the meeting packet titled “Concept and Proposal – Revise California Food & Agricultural Code to Create a New Category of Fair: Agricultural Fair.” The concept of an Agricultural Fairs, which is a category modeled on Citrus Fruit Fairs, could offer many benefits for DAA Fairs. Lancaster is also proposing innovative restructuring of their Fair through legislation, SB 1085, the results of which could benefit other California Fairs.

**Agenda Item 8 – Financials.** Mr. Korby reported that the CARF Finance Committee is currently reviewing the CARF dues structure. Historically, dues are based on categories determined by annual handle ratios. A spreadsheet illustrating a 10-year analysis of CARF member dues and CARF member handle is included in the meeting packet. The Finance Committee will continue to review the dues structure and will develop a recommendation for the CARF Board’s consideration.

In addition, the Finance Committee is assessing the possibility of changing policy requirements regarding the Equipment Replacement Fund (ERF) deposits that CARF holds on behalf of member fairs who participate in the satellite ERF program. Given the elimination of state funding, staff is looking for ways to make resources available to members Fairs as long as the orderly replacement of satellite equipment is not disrupted. A spreadsheet of Fair funds on deposit, current as of March 31, 2011, was included in the meeting packet.

Mr. Korby reported that Chris Borovansky submitted a written request to withdraw the deposit being held for the Stanislaus County Fair in Turlock.

Mr. Alkire expressed a desire to take into account the sensitivity of the Stanislaus County Fair’s hardship and requested that the Board consider sending Turlock half of their funds on deposit immediately while policy changes are being considered. A precedence to relinquish the funds was set when the San Joaquin County Fair withdrew their deposit a few years ago. Mr. Pickering stated that he had voted against returning the deposit in the case of Stockton and it is critical for live racing Fairs to insure that the satellite network facilities remain well maintained. Mr. Pickering recommended releasing the full amount in the form of a loan.

Mr. Jacobs moved to release 50 percent of the monies CARF is holding on behalf of the Stanislaus County Fair as a deposit on satellite equipment. Part of the motion includes a policy review within 30 days. Mr. Palusak seconded. YES VOTE: John Alkire, Vince Agnifili, Dan Jacobs, Mike Paluszak and Kelly Violini. ABSTAIN: Rick Pickering.

**Agenda Item 9 – Executive Director’s Report.** Mr. Korby reported that the Santa Maria satellite wagering facility is scheduled to close May 31, 2011.

Norb Bartosik joined the meeting.

CARF and the Monterey County Fair have deferred the Salinas mini-satellite application hearing pending required background checks, but the project is still moving forward.

Mr. Korby stated that he would be taking some time next week to attend to family issues.

Respectfully submitted,  
Heather Haviland

**Status:** 05/23/2011-In Senate. Read first time. To Com. on RLS. for assignment.

**Current Location:** 05/23/2011-S RLS.

**Digest:** Existing law establishes the California Gambling Control Commission and prescribes the requirements for obtaining a gambling license and defines a gambling establishment or licensed premises for these purposes. Existing law limits the transfer of property if the transferee has to be approved or licensed by the commission, and specifically prohibits a contract for sale or lease of real or personal property that requires approval of the commission, as specified, from specifying a closing date earlier than 90 days after the submission of the contract to the commission, as specified.

This bill would permit a contract for the sale or lease of real or personal property, subject to the limitations described above, to specify a closing date earlier than 90 days after the submission of the contract to the commission if the commission has approved the contract and the parties have requested it.

*Existing law requires the department to approve the play of any controlled game, including, but not limited to, placing restrictions and limitations on how a controlled game is played.*

*This bill would provide that a gambling establishment that conducts play of a controlled game that has been approved by the department, but is later found to be unlawful, has an absolute defense to any criminal, administrative, or civil action provided the game was being played in the manner approved and, during the time for which it was approved, and play ceases upon notice that the game has been found unlawful.*

**Digest:** Under existing law, the California Horse Racing Board is responsible for adopting rules and regulations for the protection of the public and the control of horse racing and parimutuel wagering, as well as enforcing all laws, rules, and regulations dealing with horse racing and parimutuel wagering. ~~Existing law prohibits any person from altering or counterfeiting, or attempting to alter or counterfeit, any parimutuel ticket.~~

*Existing law establishes a California Standardbred Sires Stakes Program for standardbred horses, including harness horses, bred in this state. Existing law defines a "California-bred standardbred horse" as a standardbred foal conceived in California by a stallion registered with the California Standardbred Sires Stakes Program. Existing law requires that California standardbred sires stakes races be scheduled for 2-year-old and 3-year-old trotters and 2-year-old and 3-year-old pacers at the discretion of the California Standardbred Sires Stakes Committee, except as specified. Existing law requires that base purses for each set of races, as defined, conducted during any given year at any race meeting be determined by the committee and requires that those purses be equal for all 2-year-old and 3-year-old races regardless of sex and gait, except that, if divisions are raced, the base purse for each division shall be no less than 75% of the original base purse and, if elimination heats are raced, the base purse shall be determined by the committee.*

*This bill would revise the definition of a California-bred standardbred horse to delete the requirement that the standardbred foal be conceived in California. The bill would also delete the requirement that base purses for each set of races be equal for all two-year-old and three-year-old races regardless of sex and gait, including the exception described above requiring a minimum base purse of 75% of the original base purse if divisions are raced, and instead require that all base purses for each set of races conducted during any given year at any race meeting be determined by the committee.*

**Digest:** The California State Lottery Act of 1984, enacted by initiative, authorizes a California State Lottery and provides for its operation and administration by the California State Lottery Commission and the Director of the California State Lottery, with certain limitations. *Existing law requires the commission to establish the percentage of total annual revenues of the state lottery to be allocated to the benefit of public education at a level that maximizes the total net revenues allocated for the benefit of public education.* Existing law requires the Controller, by September 1 of each fiscal year for 5 years following the enactment of this provision, to report to the Legislature whether specified events relating to the total net revenues allocated to the benefit of public education have occurred *and, if so, to notify the Legislature and the Governor.* Existing law further requires the Controller to convene a lottery review group to report to the Legislature, no later than December 31 following the final fiscal year of that 5-year period, on whether certain provisions have furthered the purposes of the California State Lottery Act of 1984. *Under existing law, those provisions shall remain in effect only until December 31 of the year of notification from the Controller to the Legislature and the Governor that those specified events relating to the total net revenues allocated to the benefit of public education have occurred, and the prior law will be restored at that time.*

This bill would instead require the Controller to make those reports by December 31 and ~~February 28~~ March 31, respectively. *The bill also would extend the operation of the provisions described above until April 1 of the year following notification of the Legislature and the Governor by the Controller that the specified events have occurred.*

The California State Lottery Act of 1984 provides that none of its provisions may be changed except to further its purpose by a bill passed by a 2/3 vote of each house of the Legislature and signed by the Governor.

**Digest:** Existing law authorizes a thoroughbred racing association or fair to distribute the audiovisual signal and accept wagers on the results of out-of-state thoroughbred races conducted in the United States during the calendar period the association or fair is conducting a race meeting, as specified, without the consent of the organization that represents horsemen participating in the race meeting and without regard to the amount of purses. Existing law prohibits the total number of thoroughbred races imported by associations or fairs on a statewide basis, as specified, from exceeding 32 per day on days when live thoroughbred or fair racing is being conducted in the state. Certain well-known races are excluded from this limitation, including the Kentucky Derby and the Belmont Stakes.

This bill would add the Wood Memorial to the list of races that are not included for purposes of determining compliance with that prohibition.

**AB 1020** (Chesbro) Tribal gaming: compact ratification. (A-05/05/2011 [html](#) [pdf](#))  
**Status:** 05/23/2011-In Senate. Read first time. To Com. on RLS. for assignment.  
**Current Location:** 05/23/2011-S RLS.

**Digest:** Existing federal law, the Indian Gaming Regulatory Act, provides for the negotiation and execution of tribal-state gaming compacts for the purpose of authorizing certain types of gaming on Indian lands within a state. The California Constitution authorizes the Governor to negotiate and conclude compacts, subject to ratification by the Legislature. Existing law ratified the tribal-state gaming compact entered into between the State of California and the Habematolel Pomo of Upper Lake, executed on September 2, 2009, but ~~which~~ *that compact* was later rejected by the federal Bureau of Indian Affairs.

The California Environmental Quality Act (CEQA) requires a lead agency to prepare, or cause to be prepared, and certify the completion of, an environmental impact report on a project, as defined, that it proposes to carry out or approve that may have a significant effect on the environment, as defined, or to adopt a negative declaration if it finds that the project will not have that effect.

This bill would repeal the ratification of the tribal-state gaming compact entered into between the State of California and the Habematolel Pomo of Upper Lake, executed on September 2, 2009, and would ratify a new tribal-state gaming compact entered into between the State of California and the Habematolel Pomo of Upper Lake, executed on March 17, 2011. The bill would ~~require that related revenue contributions be deposited into the General Fund, except as specified, and would also~~ provide that, in deference to tribal sovereignty, certain actions may not be deemed projects for purposes of the California Environmental Quality Act. By imposing additional duties on a lead agency with regard to the implementation of CEQA requirements, this bill would increase the service provided by a local agency, thereby creating a state-mandated local program.

The California Constitution requires the state to reimburse local agencies and school districts for certain costs mandated by the state. Statutory provisions establish procedures for making that reimbursement.

This bill would provide that no reimbursement is required by this act for a specified reason.

*This bill would declare that it is to take effect immediately as an urgency statute.*

Vote: ~~majority~~ 2/3 . Appropriation: no. Fiscal committee: yes. State-mandated local program: yes.

**Digest:** Existing federal law, the Indian Gaming Regulatory Act of 1988, provides for the negotiation and execution of tribal-state gaming compacts for the purpose of authorizing certain types of gaming on Indian lands within a state. The California Constitution authorizes the Governor to negotiate and conclude compacts, subject to ratification by the Legislature. Existing law ratifies a number of tribal-state gaming compacts between the State of California and specified Indian tribes. Existing law creates in the State Treasury the Indian Gaming Revenue Sharing Trust Fund and the Indian Gaming Special Distribution Fund for the receipt and deposit of moneys received by the state from Indian tribes pursuant to the terms of gaming compacts entered into with the state, and authorizes moneys in those funds to be used for certain purposes. Existing law, until January 1, 2021, establishes the method of calculating the distribution of appropriations from the Indian Gaming Special Distribution Fund for grants to local government agencies impacted by tribal gaming. Existing law defines a key employee as any natural person employed in the operation of a gambling enterprise in a supervisory capacity or empowered to make discretionary decisions that regulate gambling operations, as specified.

This bill would revise the definition of key employee as any natural person employed in the operation of a gambling enterprise in a supervisory capacity or empowered to make discretionary decisions with regard to gambling operations, delete the term "pit boss" in this context, change the term "shift boss" to "shift manager," and specifically include surveillance managers or supervisors within the definition.

**Digest:** Existing law, the Horse Racing Law, governs, among other types of horse races, harness horse racing, in which horses that meet specified criteria are harnessed to a sulky or similar vehicle and raced at either the trotting or pacing gait. Existing law vests jurisdiction and supervision over all horse racing meetings, including harness races, in this state in the California Horse Racing Board. Existing law requires, until January 1, 2014, the harness racing association and the organization representing harness horsemen and horsewomen to form an organization to which certain funds, that may be deducted from the total amount handled in conventional parimutuel pools of harness races, are distributed for purposes of reducing the workers' compensation insurance costs for trainers who are racing horses at the applicable harness racing association meet, as specified.

This bill would additionally require that organization to account to the California Horse Racing Board on or before August 1 of each year with respect to the distribution of funds received pursuant to those provisions during the immediately preceding fiscal year and to obtain an independent audit of those distributions. The bill would also require that a copy of the completed audit be forwarded to the board within 45 days of its receipt by the organization.

**Digest:** (1) Existing law establishes the California Gambling Control Commission and requires the commission to establish a 10-member Gaming Policy Advisory Committee composed of representatives of controlled gambling licensees and members of the general public in equal numbers. Existing law requires the executive director of the commission to convene this advisory committee, from time to time, for the purpose of discussing recommended controlled gambling regulatory policy. Existing law grants the Attorney General the authority to structure the Department of Justice, pursuant to which the Bureau of Gambling Control was created within the department.

This bill would delete the requirement that the committee be composed of 10 members and would require that at least 3 members of the committee be members of the general public. The bill would require the advisory committee to meet at least twice a year and would require the commission and the Department of Justice to consult with the committee on recommended proposed regulations and would require the committee to present its recommendations to the Department of Justice.

(2) Existing law requires the Department of Justice to make appropriate investigations ~~whether there has been any violation~~ of violations of the Gambling Control Act or any regulations adopted under the act and authorizes the department to take action to suspend a license or permit.

This bill would ~~require a notice of violation from the department regarding a noncriminal violation of the Gambling Control Act to be filed on or before 12 months after the violation occurs. The bill would also prohibit the commission from commencing an action against a gambling establishment, its owners, or its employees for a violation of the act committed independently by a 3rd-party provider of proposition player services or its employees.~~

**Digest:** The California State Lottery Act of 1984, enacted by initiative, authorizes the California State Lottery and provides for its operation and administration by the California State Lottery Commission and the Director of the California State Lottery, with certain limitations. The act requires that not less than 84% of the total annual revenues from the sale of state lottery tickets or shares be returned to the public in the form of prizes and net revenues to benefit public education, and that no more than 16% of those revenues be used for expenses of the lottery. The act specifies that none of its provisions may be changed except to further its purpose by a bill passed by a 2/3 vote of each house of the Legislature and signed by the Governor. A provision of the act requires the commission to promulgate regulations to establish a system of verifying the validity of prizes and to effect payment of the prizes, as specified. CONCEPT AND PROPOSAL  
*Revise Food & Agricultural Code to Create New Category of Fair:*  
**AGRICULTURAL FAIR**

---

***Background***

After the recent passage of budget legislation that eliminated all Fair funding sourced from the General Fund, District Agricultural Associations find themselves in the unenviable position of functioning as a state agency, with all the associated limitations, costs and requirements of that status, yet without the corresponding benefit of receiving public funding. Perhaps now is the time to create an opportunity, through changes in legislation, for DAA's to re-organize into a more flexible and agile structure.

California Food and Agricultural Code (Sections 4601ff.) provides for and describes a category of Fair known as a "citrus fruit fair". The structure of a citrus fruit fair is often acknowledged as the most flexible existing fair structure in statute, insofar as it allows certain characteristics accorded a public agency and certain characteristics accorded a private entity.

***Objective***

Create a new category of fair known as an **Agricultural Fair**, structured in a manner similar to citrus fruit fairs; allow DAA's to re-organize into this new structure so as to allow them to operate as local public agencies.

***Proposal***

The following is proposed: revise and expand the existing language in the Food and Agriculture Code which describes "citrus fruit fairs" to create a new category of Fair with the same flexible structure as citrus fruit fairs. This category of fair shall be known as an "**Agricultural Fair**". Define and describe **Agricultural Fair** using the same language and description as presently define and describe "citrus fruit fair". Permit this new category of **Agricultural Fair** to be governed as a non-profit or as a JPA. Allow District Agricultural Associations, by a majority vote of their Board and by declaration of the Secretary of CDFA, to become **Agricultural Fairs**. Allow likewise for California State Fair and Exposition. Require that **Agricultural Fairs** require transparency as follows: 1) require performance of an annual audit to standards set by the Secretary and 2) conduct their meetings according to the Brown Act. Create a commission, made up of persons with expertise in management of fairs, to advise the Secretary on governance and oversight matters relating to **Agricultural Fairs**.

***Tactical Considerations and Actions***

Prepare language and pursue legislation to accomplish objectives above. Proposal has characteristics that may help it find traction in current political climate: 1) takes state government out of the Fair business; 2) governance of Fairs devolves to local level; 3) transparency; 4) desire from DAA's to find new structure appropriate for current circumstances; 5) helps Fairs without requiring state funds.

**Subject:** Fw: Some Suggestions for Revisions to Ag Code related to Fair Structure

All,

Please consider this a request that the concept of creating a new "**Agricultural Fair**" structure in statute be added to the discussion items for the WFA/CFA meeting on Friday April 15.

When Stephen and I spoke about this the other day, he mentioned that the WFA advocacy team will continue to focus its efforts toward securing Fair funding, but the team is looking at all options. We'd propose that this concept become one of the options.

While this concept of an new **Agricultural Fair** structure does not include a Fair funding component, it certainly does not preclude continuing efforts to secure Fair funding. It can be viewed as a parallel effort. Both efforts are worthy of support.

In my estimation, the two efforts (i.e., securing Fair funding and creating a new Fair structure: **Agricultural Fair**) are complementary. As drafted, this **Agricultural Fair** proposal is intentionally silent on the subject of funding. It may actually be a better tactic that they proceed separately. This concept for re-structuring may have a better prospect for passage if it is not connected to state funding and presented as bootstrap legislation that could help Fairs succeed by allowing them to step away from state structure.

So far in this session, Fairs have not fared well in budget legislation. There are probably are many legislators who would like to help Fairs in ways that do not require state funds, if there is a way to do so. This proposal aligns with those circumstances.

The re-structuring proposal also includes "transparency" components, important in today's political environment, in the form of open-meeting requirements and audit requirements. Furthermore, it keeps Fairs connected to CDFR through

creation of a California Agricultural Fairs Commission, a body which can be further defined now or later.

If we were successful in modifying Ag Code to allow this new structure, participation on the part of any Fair would be voluntary; the decision to re-structure would begin at the local level. Any Fair that wished to continue as a state agency would be free to do so.

With respect to personnel issues and PERS coverage for employees, contracts with PERS to cover continuing employees can be transferred to local agency-status. There are Fairs that operate now under a local agency contract with PERS. In my estimation, the mechanics of such a transfer are not difficult. The difficulty, if there is one, will be how Fairs pay for the benefits.

If you wish, we can offer a reference to an Human Resources JPA that could advise on and manage a personnel transition of this sort.

With respect to potential union opposition, I believe that any responsible union representatives would be interested in preserving jobs for as many members as they can. For smaller to medium-size DAA's, with no state funding available, the choice may be re-structure or go out of business; going out of business means loss of jobs. I can't imagine why the SEIU or any other union group wouldn't be willing to talk about strategies that preserve public sector jobs in the current environment.

These are difficult times and we hope every possible solution on the table for discussion. The approach outlined in this proposal may work for some Fairs, it may not work for others. If it might help some Fairs survive or operate more efficiently, it's worth exploring. In any event, we need to look at all the options.

Thanks for your consideration.

Respectfully offered,  
--Chris

**Senate Bill No. 1085**

CHAPTER 320

An act to amend Section 19418 of the Business and Professions Code, and to add Article 3.8 (commencing with Section 4171) to Chapter 6 of Part 3 of Division 3 of the Food and Agricultural Code, relating to district agricultural associations.

[Approved by Governor September 25, 2010. Filed with  
Secretary of State September 27, 2010.]

LEGISLATIVE COUNSEL'S DIGEST

SB 1085, Runner. 50th District Agricultural Association: joint powers agreement.

Existing law divides the state into agricultural districts within the boundaries of which agricultural associations may be formed. Existing law provides that District 50 is all that portion of Los Angeles County which lies north of the south line of Township 5 North, San Bernardino base.

This bill would authorize the 50th District Agricultural Association, with the consent of the Secretary of Food and Agriculture, to enter into a joint powers agreement for the purpose of creating a joint powers agency to operate, maintain, and improve the facilities and functions of the 50th District Agricultural Association. The bill would specify the powers of the joint powers agency, and would authorize it to accept the donation of, acquire, own, sell, or lease real property and to pledge its property or revenue for the sale of bonds to construct, equip, and furnish related facilities. The bill would permit employees of the 50th District Agricultural Association to make an election concerning employment with the joint powers agency, as provided. This bill would provide that the state is not liable for any debt of the joint powers agency.

Existing law authorizes a nonprofit organization to elect to be a member of the network of California fairs on conditions mutually agreed upon by the Department of Food and Agriculture and the nonprofit organization.

This bill would also provide that the joint powers agency may elect to be a member of the network of California fairs on terms and conditions mutually agreed upon by the Department of Food and Agriculture and the joint powers agency.

*The people of the State of California do enact as follows:*

SECTION 1. Section 19418 of the Business and Professions Code is amended to read:

19418. (a) “State designated fairs,” referred to in this chapter as fairs, means the California Exposition and State Fair in the City of Sacramento and those fairs specified in Sections 19418.1, 19418.2, and 19418.3 that may receive financial support or are otherwise governed pursuant to this chapter. These fairs may also be referred to as part of the “network of California fairs.”

(b) A nonprofit organization that holds an annual fair pursuant to Section 4163 of the Food and Agricultural Code may elect to be a member of the network of California fairs on terms and conditions mutually agreed upon by the Department of Food and Agriculture and the nonprofit organization.

(c) A joint powers agency that holds an annual fair pursuant to Section 4171 of the Food and Agricultural Code may elect to be a member of the network of California fairs on terms and conditions mutually agreed upon by the Department of Food and Agriculture and the joint powers agency.

SEC. 2. Article 3.8 (commencing with Section 4171) is added to Chapter 6 of Part 3 of Division 3 of the Food and Agricultural Code, to read:

#### Article 3.8. 50th District Agricultural Association

4171. (a) Notwithstanding any other provision of law, the 50th District Agricultural Association, with the consent of the secretary, may enter into a joint powers agreement pursuant to Chapter 5 (commencing with Section 6500) of Division 7 of Title 1 of the Government Code for the purpose of creating a joint powers agency to operate, maintain, and improve the facilities and functions of the 50th District Agricultural Association. This joint powers agency’s duties shall include planning, designing, and constructing real property improvements, including new construction, alteration, extension, betterment, and repair, and purchasing fixed and movable equipment related to the facilities and functions of the 50th District Agricultural Association.

(b) The joint powers agency may accept the donation of, acquire, own, sell, or lease real property, and may pledge its property or revenue for the sale of bonds to construct, equip, and furnish the facilities, parking facilities, and any betterments, improvements, and facilities related thereto.

(c) The joint powers agency may make and enter into contracts and employ agents and employees. The joint powers agency may manage, maintain, and operate the facilities, or may enter into management contracts for the operation of the facilities. The planning, designing, and constructing of these improvements, and the agency’s other duties, as specified in this section, shall be undertaken in accordance only with those restrictions applicable to the joint powers agency.

(d) Prior to the commencement of the joint powers agreement, the parties to the agreement and the department shall ensure that every employee in the civil service of the 50th District Agricultural Association is provided with the option of continuing his or her employment with the state, or of accepting a position as an employee of the joint powers agency.

(1) With respect to an employee who chooses to continue his or her employment with the state, the employee shall continue to be subject to all of the provisions governing civil service employees, and, additionally, all of the following shall apply:

(A) The joint powers agency shall contract with the department for the services of the employee, consistent with his or her civil service classification and status.

(B) The employee has the right to continue to provide services to the joint powers agency pursuant to that contract during the time the employee continues in the civil service classification he or she held at the time of the employee's election.

(2) With respect to an employee who chooses to leave his or her employment with the state and become an employee of the joint powers agency, those employees are not employees of the state, and are not subject to the requirements of Chapter 10.3 (commencing with Section 3512) and Chapter 10.5 (commencing with Section 3525) of Division 4 of Title 1 of the Government Code.

(3) If a position filled by a civil service employee pursuant to contract with the department becomes vacant, the joint powers agency may fill the position with a non-civil-service employee.

(e) If the joint powers agency contracts with another entity for the operation or management of the facilities, the requirements of subdivision (d) shall apply to the new entity prior to commencement of any agreement.

(f) The State of California is not liable for any debts, liabilities, settlements, liens, or any other obligations incurred by or imposed upon the joint powers agency. The joint powers agreement executed pursuant to this section shall expressly provide that the General Fund and the Fair and Exposition Fund shall be held harmless from all debts, liabilities, settlements, judgments, or liens incurred by the joint powers agency, and that neither the state nor any agency or division thereof shall be liable for any contract, tort, action or inaction, error in judgment, mistake, or other act taken by the joint powers agency, or any of its employees, agents, servants, invitees, guests, or anyone acting in concert with, or on the behalf of, the joint powers agency.

SIXTH DISTRICT AGRICULTURAL ASSOCIATION  
CALIFORNIA SCIENCE CENTER

---

**California Food and Agricultural Code Sections 4102-4108**

4101. The Sixth District Agricultural Association shall be known as the California Science Center. It is in the State and Consumer Services Agency and is deemed to be a tax-exempt organization as an instrumentality of this state in accordance with Section 23706 of the Revenue and Taxation Code.

4101.2. (a) Notwithstanding any other provision of law, the California Science Center, with the approval of the Director of General Services, may enter into a long-term lease agreement, not to exceed 40 years, with terms and conditions determined by the director to be in the best interest of the state, with the Los Angeles Unified School District to convert the Armory and surrounding land in or near Exposition Park to a demonstration mathematics and science-based school.

(b) For the purposes of carrying out subdivision (a), all of the following requirements apply:

(1) Plans shall be developed by the Los Angeles Unified School District for the conversion described in subdivision (a).

(2) The Los Angeles Unified School District shall demonstrate to the Director of General Services that it has sufficient funds, from sources other than the California Science Center, to complete the conversion.

(3) The Los Angeles Unified School District shall give attention to the historical preservation of the Armory in developing plans and completing the conversion.

(4) All lease documents necessary to complete the conversion shall be approved by the Director of General Services prior to their execution.

4101.3. (a) Notwithstanding any other provision of law, the

California Science Center is hereby authorized to enter into a site lease with the California Science Center Foundation, a California Nonprofit Corporation, with the approval of the State and Consumer Services Agency, Department of Finance, and the Department of General Services, for the purpose of the foundation developing, constructing, equipping, furnishing, and funding the project known as Phase II of the California Science Center. The overall construction cost and scope shall be consistent with the amount authorized in 2002 Budget Act, provided that nothing in this section shall prevent the foundation from expending additional nonstate funds to complete Phase II provided that the additional expenditures do not result in additional state operation and maintenance costs. Any additional expenditure of nonstate funds by the foundation shall not increase the state's contribution.

(b) For the purpose of carrying out subdivision (a), all of the following shall apply:

(1) In connection with the development described in subdivision (a), above, the foundation may, in its determination, select the most qualified construction manager/general contractor to oversee and manage the work and prepare the competitive bid packages for all major subcontractors to be engaged in the construction of Phase II Project. Any construction manager/general contractor selected shall be required to have a California general contractor's license.

(2) Prior to commencement of construction of the Phase II Project, the California Science Center shall enter into a lease-purchase agreement upon approval by the Department of Finance with the foundation on terms that are compatible with the Phase I Project financing. The term of the lease-purchase agreement shall be a term not to exceed 25 years. Lease payments on behalf of the state shall be commensurate with the twenty-two million nine hundred forty-five thousand two hundred sixty-three dollars (\$22,945,263), (nineteen million one hundred thirty-seven thousand dollars (\$19,137,000) plus 19.9 percent augmentation authority) construction cost allocation of the state. Lease payments may also include any cost of financing that the foundation may incur related to tax exempt financing. The California Science Center shall be authorized to direct the State Controller's Office to send the rental payments under the lease-purchase agreement directly to the foundation's bond trustee.

(3) The foundation shall ensure that the Phase II Project is inspected during construction by the state in the manner consistent

with state infrastructure projects. The foundation shall also indemnify and defend and save harmless the Department of General Services for any and all claims and losses accruing and resulting from or arising out of the foundation's use of the state's plans and specifications. The foundation and the California Science Center, upon consultation with the Director of the Department of General Services and the Department of Finance shall agree on a reasonable level of state oversight throughout the construction of the Phase II Project in order to assist the foundation in the completion of the project within the intended scope and cost.

(4) At the end of the term of the site lease and the lease-purchase agreement unencumbered title to the land and improvements shall return to the State of California with jurisdiction held by the California Science Center.

4101.4. (a) The Legislature finds and declares that the operation of the California Science Center may require individual skills not generally available in state civil service to support specialized functions, such as exhibit maintenance, and educational and guest services programs, including animal care and horticulture.

(b) Notwithstanding any other provision of law, the California Science Center may enter into a personal services contract or contracts with the California Science Center Foundation without a competitive bidding process. These contracts shall be subject to approval by the State and Consumer Services Agency and the Department of General Services and be subject to all state audit requirements.

4102. The California Science Center, with the approval of the State and Consumer Services Agency, may build, construct, and maintain and operate a stadium or any arena, pavilion, or other building that is to be used for the holding of sports events, athletic contests, contests of skill, exhibitions, spectacles, and other public meetings. It may lease, let, or grant licenses for the use of that stadium, arena, pavilion, or other building, with the approval of the agency.

4103. The California Science Center may establish a space-age museum in its building at Exposition Park in the City of Los Angeles.

4104. (a) The Legislature hereby finds and declares that there is a need for a state repository dedicated to the diverse contributions of African-Americans to the history and culture of this state and the nation.

(b) The California African-American Museum is a part of, and coexists with, the California Science Center.

(c) The California African-American Museum is governed by a seven-member board of directors. The Governor shall appoint the seven members, at least four of whom shall reside within the boundaries of the 6th Agricultural District. In addition, the Senator representing the Senate district in which the California African-American Museum is located and the Assembly Member representing the Assembly district in which the museum is located shall be ex officio nonvoting members of the board. The two legislative ex officio nonvoting members of the board shall participate in the activities of the board to the extent that their participation is not incompatible with their respective positions as Members of the Legislature. The appointees of the Governor shall be appointed to four-year terms with the initial terms of appointment expiring as follows: one term expiring January 1, 1984, one term expiring January 1, 1985, one term expiring January 1, 1986, and one term expiring January 1, 1987. The person appointed to the Advisory Board of the California Museum of African-American History and Culture by the Board of Directors of the California Science Center prior to the amendments made to this section by Chapter 1439 of the Statutes of 1987 shall serve on the Board of Directors of the California African-American Museum until the Governor makes the fifth appointment authorized pursuant to those amendments. The fifth appointment made to the board shall serve a term expiring on January 1, 1990, the sixth appointment shall serve a term expiring on January 1, 1991, and the seventh appointment shall serve a term expiring on January 1, 1992.

(d) The Board of Directors of the California African-American Museum shall have the sole authority, subject to existing state laws,

regulations, and procedures, to determine how funds that have been appropriated and duly allocated by the Legislature and the Governor for support of the museum shall be expended. The board also shall have the sole authority, subject to existing state laws, regulations, and procedures, to contract with any state agency, institution, independent contractor, or private nonprofit organization that the board determines to be appropriate and qualified to assist in the operation of the museum. The board shall further have authority to establish the operations, programs, activities, and exhibitions of the California African-American Museum. The Board of Directors of the California African-American Museum shall be solely responsible for the actions taken and the expenditures made by the staff of the California African-American Museum in the scope and course of their employment.

(e) The Board of Directors of the California African-American Museum shall appoint an executive director, who shall be exempt from civil service, and any necessary staff to carry out the provisions of this section, who shall be subject to the State Civil Service Act (Part 2 (commencing with Section 18500) of Division 5 of Title 2 of the Government Code). The California African-American Museum shall submit its annual budget request directly to the State and Consumer Services Agency. The California African-American Museum may accept grants, contributions, and appropriations from federal, state, local, and private sources for its operation.

(f) The California African-American Museum shall preserve, collect, and display samples of African-American contributions to the arts, sciences, religion, education, literature, entertainment, politics, sports, and history of the state and the nation. The enrichment and historical perspective of that collection shall be made available for public use and enjoyment.

(g) The California African-American Museum shall use stationery and other supplies of the former museum and shall phase in the name change with existing resources.

4105. Notwithstanding any other provision of law, from December 14 to December 21, inclusive, of any year, the California Science Center may not charge parking fees for the parking facilities surrounding the Los Angeles Memorial Coliseum when an event is being held at the

facilities of the museum by a private nonprofit charitable organization for the purpose of collection and distribution of toys and food.

4106. (a) The California Science Center shall work with the Los Angeles Memorial Coliseum Commission, the City of Los Angeles, and the County of Los Angeles to develop additional parking facilities in Exposition Park to the extent necessary to allow for expansion of the park.

(b) The California Science Center shall manage or operate its parking facilities in a manner that preserves and protects the interests of itself and the California African-American Museum and recognizes the cultural and educational character of Exposition Park.

(c) The Exposition Park Improvement Fund is hereby created in the State Treasury. All revenues received by the California Science Center from its parking facilities, from rental of museum facilities, or from other business activities shall be deposited in the Exposition Park Improvement Fund.

(d) The moneys in the Exposition Park Improvement Fund may only be used, upon appropriation by the Legislature, for improvements to Exposition Park, including, but not limited to, maintenance of existing parking and museum facilities, replacement of museum equipment, supplies and wages expended to generate revenues from rental of museum facilities, development of new parking facilities, and acquisition of land within or adjacent to Exposition Park.

(e) The Legislature hereby finds and declares that there is a need for development of additional park, recreation, museum, and parking facilities in Exposition Park. The Legislature recognizes that the provision of these needed improvements as identified in the California Science Center Exposition Park Master Plan may require the use of funds provided by other governmental agencies or private donors.

The California Science Center may accept funds from other governmental agencies or private contributions for the purpose of implementation of the California Science Center Exposition Park Master Plan. The private contributions and funds from governmental agencies other than state governmental agencies shall be deposited in the Exposition Park Improvement Fund in the State Treasury and shall

be available for expenditure without regard to fiscal years by the California Science Center for implementation of the California Science Center Exposition Park Master Plan. Funds from other state governmental agencies shall be deposited in the Exposition Park Improvement Fund and shall be available for expenditure, upon appropriation, by the California Science Center for implementation of the California Science Center Exposition Park Master Plan. However, any expenditure is not authorized sooner than 30 days after notification in writing of the necessity therefor to the chairperson of the committee in each house that considers appropriations and the Chairperson of the Joint Legislative Budget Committee, or not sooner than whatever lesser time as the chairperson of the joint committee, or his or her designee, may in each instance determine. Neither the City of Los Angeles nor the County of Los Angeles shall impose any tax upon tickets purchased authorizing the use of parking facilities owned by the California Science Center.

4107. Notwithstanding any other provision of law, a Member of the Legislature representing any district in Los Angeles County may be appointed as a director of the California Science Center.

4108. The California Science Center shall establish the position of Exposition Park Manager to be filled by a person appointed by the Governor for the purpose of managing, scheduling, and administering all park-related events, including oversight for the police and security services of the park.

(a) The Exposition Park Manager may appoint the following persons:

(1) The chief and assistant chief of museum security and safety who shall have the powers of peace officers as specified in Section 830.3 of the Penal Code.

(2) Other safety officers who shall have the powers of arrest as specified in Section 830.7 of the Penal Code.

(b) The officers appointed pursuant to subdivision (a) shall provide police and security services to keep order and to preserve the peace and safety of persons and property at the California Science Center and at Exposition Park on a year-round basis.

CALIFORNIA AUTHORITY OF RACING FAIRS (CARF) represents its member Fairs in matters that relate to horse racing and satellite wagering. CARF's seven-member Board of Directors is elected by its membership from amongst member Fairs.

On behalf of those Fairs that conduct live racing, CARF negotiates joint contracts, manages contractors and vendors, prepares and submits license applications, and manages Host Track simulcast operations.

On behalf of its member Fairs conducting satellite wagering, CARF prepares license applications and provides administrative, procedural, and technical support. Contracts between Fairs and simulcast organizations relating to satellite wagering are negotiated by and through CARF.

CARF formulates and represents advocacy positions on legislative matters in concert with Western Fairs Association and the Division of Fairs and Expositions.

### Satellite Wagering Background

The history of horseracing in California reflects a long standing association with Fairs. Early, organized racing began in Stockton and Sacramento in the late 1840's during the days of the Gold Rush. The racetrack in Pleasanton has operated continuously since 1856, at first in private hands, later as a Fair. The breeding and training of fine racehorses are aspects of the agricultural economy. Just as cattle are bred for meat and milk production, or sheep for wool production, racehorses are bred and trained for speed and stamina. It's natural that racing competition, along with other livestock competition, would be conducted at the local or regional agricultural expositions. Horseracing Law, in its opening chapter, Business and Professions Code, Article 1, Section 19401, states the legislative intent that parimutuel wagering on horse racing should support Fairs. The marriage of Fairs and horseracing has deep roots in California political history. Modern parimutuel wagering began in 1933 with the direct intention of generating revenue for the State, for Fairs (through Fairs & Expositions fund) and for the continued support of horseracing. In 1987, legislation carried by Senator Ken Maddy, SB 14, expanded parimutuel wagering in California by creating a statewide satellite wagering network. Under the provisions of SB 14 and subsequent legislation, Fairs and existing racetracks are the venues for off-track wagering. More recently, federal courts have ruled that certain Native American tribes may operate Satellite Wagering Facilities. Twenty-three Fairs and five racetracks are currently licensed to conduct satellite wagering.

### Duties and Responsibilities of the Simulcast Organizations [Back to Top](#)

Satellite wagering operations fall into two categories:

1. Operations Provided and Paid for by the Simulcast organization
2. Operations provided and paid for by the Satellite Facility.

Duties and responsibilities of the simulcast organization are described below.

#### **Duties and Responsibilities of the Simulcast Organizations**

The simulcast organization provides and pays for audiovisual signal transmission and all parimutuel costs, including parimutuel employees on-site at satellite facilities. To cover these

# CALIFORNIA MARKETING COMMITTEE

Statewide Initiative for Deploying Promotional  
Kiosks at Venues Outside of Racetracks:

## PROMOTIONAL KIOSK INITIATIVE

March 31, 2011

**CALIFORNIA MARKETING COMMITTEE**  
**Promotional Kiosk Initiative**

**Overview:**

The Race Tracks and Fairs are initiating a program in association with Local 280 (pari-mutuel clerks) to deploy **PROMOTIONAL KIOSKS** at venues outside of racetracks. CMC has offered assistance in this initiative. Locations being considered for deployment include but are not limited to Fairs, street fairs and farmer's markets. The objective of the initiative is to promote California racing (highlighting current live meets) and to generate a database of new prospective racing fans. All CA racing associations will share in database information.

**Kiosk Design:**

Bailey Gardiner, at the direction of the CMC (California Marketing Committee) has created potential design concepts (attached.) CARF, in collaboration with CMC, has initiated design and production of two kiosks (one indoor / one outdoor) for placement at CA Fairs throughout the state. CARF has indicated a budget and design concepts will be available by March 25. The possibility exists for CARF to produce kiosks that will be utilized at non-Fair sites in Southern California as well.

**ADW Component:**

In an effort to create additional customer interest, inclusion of ADW platforms has been discussed with the kiosk initiative. The ADW component would allow the promotion of wagering on key events (i.e. Kentucky Derby) as well as the ability to educate customers on the ease of in-home wagering and subsequent incentive offers (i.e. "bet \$100 / get \$100.") If an ADW component is added, the current live meet operator would have the opportunity to select its designated ADW partner. No wagering would take place at the promotional kiosks.

**Locations:**

Due to costs involved with renting kiosk space at high traffic malls and airports (monthly fees of \$5,000 - \$20,000) more economical locations are suggested (i.e. Fairs, street fairs, farmer's markets.) CARF will coordinate placement at recognized California agricultural Fairs.

**CMC:**

Subject to the approval of the CMC Board of Directors, it's suggested CMC be the contracting entity for non-Fair location rentals and kiosks production. CARF has offered to coordinate production and deployment of kiosks at recognized agricultural Fairs. Upon approval from the CMC BOD, CMC would make recommendations to race tracks / CMC subcommittee on kiosk locations.

**Race Track Involvement:**

During its live meet, each racing association will be responsible for providing promotional materials for kiosks as well as the coordination / implementation of staffing (Local 280 employees.)

**Staffing Levels:**

Once a schedule has been developed and approved by all parties, the total number of "work days" provided for Local 280 employees will be compiled. It's recommended that additional on-track (during live racing) customer service positions (two per live racing day as needed) be provided to Local 280 employees until the total number of "work days" is equal to the total amount of live thoroughbred racing days in California for the calendar year, multiplied by two.

**Costs:**

Each racing association is responsible for employee (Local 280 employees) costs associated with the promotional kiosk initiative through N/SCOTWInc. Any other program funding for kiosk design, production and location rental costs in excess of \$8,000 would need CMC Board review and approval. CMC may designate racing associations, CARF or other designees to carry out the program. ADW companies may provide sponsorship funding through racing associations.
