Mr. Swartzlander reported that the meeting packets contain a set of credentials that were used in 2012 as part of a “VIP Horsemen” pilot program at Stockton and Fresno. Mr. Swartzlander stated that the goal of the program is to provide key horsemen with a single set of credentials at all participating Fairs. This program will dovetail with the recruitment program in welcoming horsemen to Fairs and making the experience as pleasant and enjoyable as possible. Mr. Swartzlander stated that since the March meeting, he has had a chance to sit down with Cal Expo representatives and at this time all CARF Fairs are in support of implementing the program in 2013.

Mr. Swartzlander encouraged Fair representatives to contact CARF staff if they have additional perks, such as seating or VIP access, that they would like included in the program, or recommendations regarding expanding the program beyond the details that were discussed during the March meeting. Mr. Swartzlander reiterated that the VIP Program will be offered to select participants through the Racing Office and that distribution and use will be carefully documented.

**Agenda Item 4 – Report, Discussion and Action, if any, on Legislative Program for 2013.** Mr. Brown reported that the Legislature reconvened after spring recess and will be moving all legislation through various policy committees during the month of April.

CARF sponsored bill SB 398 (Galgiani) would add authorized distributions from charity race days to include a nonprofit corporation whose sole purpose would be to support the network of California fairs. This bill sets the framework for additional revenue to flow to Fairs should the opportunity present itself. There is currently no opposition to the bill and it should move through policy committee easily.

Mr. Brown reported that there is Committee on Agriculture bill (AB 1388) that would increase the time period required for an out-of-state equine to test negative for equine infectious anemia from 6 months to 12 months prior to entering the state of California. Mr. Brown reported that SB 741 (Cannella) would change the contracting standards for District Agriculture Associations. The bill will be heard two weeks from today in the Senate Agriculture Committee. An amendment that will be proposed next week will seek to revert license fee funding currently generated from racing Fairs back to Fairs that conduct live or satellite wagering. Mr. Alkire reported that he and Mr. Korby met with WFA/CDFA staff to ensure that the license fee issue is resolved in a manner that will benefit Fairs conducting pari-mutuel racing activities.

Mr. Brown reported that discussing regarding Internet and sports wagering are still ongoing and a more comprehensive update will be available for the May meeting.
