**CALIFORNIA AUTHORITY OF RACING FAIRS
Board of Directors & Live Racing Committee
Concurrent Meeting
Tuesday, May 5, 2020**

MINUTES

A concurrent meeting of the California Authority of Racing Fairs (CARF) Board of Directors and Live Racing Committee was held at 11:00 A.M., Tuesday, May 5, 2020. The meeting was conducted by teleconference originating at the CARF office, 1776 Tribute Road, Sacramento, CA, 95815.

CARF Board Directors attending by conference call: John Alkire, Richard Conway, Jerome Hoban, Dan Jacobs, Rick Pickering, Dana Stoehr and Kelly Violini.

CARF Live Racing Committee members attending by conference call: John Alkire, Richard Conway, Jerome Hoban and Rick Pickering.

Staff and Guests participating: Larry Swartzlander, Tom Doutrich, Heather Haviland, Juliana Gomes, Vicki Layne, Raechelle Gibbons, Ann Grottveit, Louie Brown, Cody Boyles, John Quiroz, Cindy Olsen, Duane Martin, Lauri King, Stacey Lapham, Patrick Hui, Becky Bartling, Michael Margetts, Cody Boyles, Lisa Wilkerson and Terri Eaton.

Agenda Item 1 – Closed Session: For the Purposes of Receiving Advice from Counsel Concerning Pending Litigation and Reaching Decisions on Personnel Matters, as Authorized by the Brown Act. Ms. Grottveit reported that the Board met in closed session to receive legal advice regarding potential litigation, as well as financial consideration in regards to personnel, and that no action was taken by the Board.

Agenda Item 2 – Date, Time and Location of Next Meeting: June 2, 2020 in Sacramento. The next CARF Board of Directors and Live Racing Committee meeting will be held at 11:00 a.m. June 2, 2020 by teleconference originating in Sacramento.

Agenda Item 3 – Public Comment. None.

Agenda Item 4 – Approval of Minutes. {ACTION} Mr. Pickering moved to approve the CARF Board of Directors & Live Racing Committee concurrent meeting minutes for April 7, 2020 as presented. Mr. Conway seconded, unanimously approved.

Agenda Item 6 – Report, Discussion and Action, if any, on Legislative Program. Mr. Boyles reported that members of the Assembly are returning to Sacramento this week, with the

Senate choosing to do so on May 11. Neither house is planning to reconvene for final votes on bills until June due to the challenges of adequate social distancing in the chambers of the Senate and Assembly. Mr. Boyles stated that Assemblymember Adam Gray is moving forward with his equine safety reform bill, AB 1974, and that the Assembly G.O. Committee will be hearing the bill next Tuesday at 10:00 a.m. in the Assembly Chambers. Senator Bill Dodd will have a similar equine reform bill moving through the Senate.

Mr. Pickering stated that the language in AB 1974 (Gray) identifying that “existing law establishes the Fairs and Exposition Fund for the purposes of allocating moneys to provide financial support for the network of California fairs” seems to be referring to the license fees generated at Fairs and distributed to F&E that are used for fair track safety and maintenance. Mr. Pickering stated that the same section in AB 1974 goes on to discuss the creation of the Horse and Jockey Safety and Welfare Account in the F&E Fund. Mr. Pickering asked Mr. Boyles for clarification that the proposed new fund would not be financed from the existing license fees generated at fairs. Mr. Boyles stated that he believed using existing fair license fees was not the author’s intent and that he would look into the matter further. Mr. Quiroz stated that F&E staff would review the language.

Ms. Stoehr requested clarification on where the funds are coming from and where they are going to in order to create clarity of understanding before a vote. Mr. Hoban suggested the CARF Board support the bill with a caveat that the newly created fund does not utilize the existing Fair license fee distribution to F&E. Ms. Stoehr stated that she would support an equine reform bill as long as it does not negatively impact the fair industry.

[ACTION] Mr. Hoban moved to continue support of AB 1974 (Gray) as long as the bill does not impact the monies currently generated by Fairs that is distributed to F&E for fair race track safety and maintenance, or any other fair funding mechanism. Ms. Stoehr seconded, unanimously approved.

Agenda Item 5 – Report and Discussion on COVID-19 at Racetracks and Satellite Network Closure. Mr. Swartzlander reported that George Haines at SCOTWINC is preparing to reopen the Southern satellites, with COVID-19 protocols in place, as soon as it is reasonably safe and legal to do so.

Ms. Stoehr asked if CARF was preparing COVID-19 cleaning/safety guidelines and if the agency would provide funds to make any required modifications to the satellite buildings. Mr. Swartzlander stated that CARF staff would be providing guidelines and that there are funds available at CARF that could be used in that manner at the recommendation of the CARF Finance Committee.

Mr. Alkire left the meeting. Mr. Hoban moved to adjourn the meeting and defer the remaining agenda items to the next CARF Board meeting. Mr. Conway seconded, unanimously approved.

Agenda Item 7 – Financials. Item deferred.

Agenda Item 8 – Report, Discussion and Action, if any, on Racing Calendar and Live Racing Operations. Item deferred.

Agenda Item 7 – Executive Director’s Report. Item deferred.

Respectfully submitted,

Heather Haviland

Summary: Current law prohibits a veterinarian licensed in this state from disclosing any information concerning an animal receiving veterinary services, the client responsible for the animal receiving veterinary services, or the veterinary care provided to an animal, except under any one of specified circumstances. Current law subjects a veterinarian to specified criminal penalties for violating these provisions. This bill would add an exception to that prohibition for care or service for a horse that has participated in or is intended to participate in a licensed horse race.

Summary: The Ralph M. Brown Act requires meetings of the legislative body of a local agency to be open and public and also requires regular and special meetings of the legislative body to be held within the boundaries of the territory over which the local agency exercises jurisdiction, with specified exceptions. Current law authorizes a person to request that a copy of an agenda, or a copy of all the documents constituting the agenda packet, of any meeting of a legislative body be mailed to that person. This bill would require, if the local agency has an internet website, a legislative body or its designee to email a copy of, or website link to, the agenda or a copy of all the documents constituting the agenda packet if the person requests that the items be delivered by email. The bill would require, where the local agency determines it is technologically infeasible to send a copy of all documents constituting the agenda packet or a website link containing the documents by electronic mail or by other electronic means, the legislative body or its designee to send by electronic mail a copy of the agenda or a website link to the agenda and mail a copy of all other documents constituting the agenda packet in accordance with the mailing requirements.

Summary: Current law prohibits, until January 1, 2023, the governing body and the electors of a city, county, or city and county that has not authorized legal gaming within its boundaries prior to January 1, 1996, from authorizing legal gaming. Current law also prohibits, until January 1, 2023, an ordinance in effect on January 1, 1996, that authorizes legal gaming within a city, county, or city and county from being amended to expand gaming in that jurisdiction beyond that permitted on that effective date. This bill would exclude an increase in the number of tables authorized in existing gambling establishments from the prohibition on expansion of gaming and would explicitly authorize a city, county, or city and county to expand, by ordinance, the number of tables permitted in a gambling establishment.

GUIDELINES & RESOURCES TO REOPEN FAIR SATELLITE NETWORK

May 22, 2020

Fair & Satellite Facility Managers,

As businesses reopen under Governor Newsom's Resilience Roadmap, CARF staff would like to provide guidelines and resources to safely reopen the satellite network with health and safety as the top priority.

The specific health and safety standards implemented will vary by Fair and are best determined by building layout, individual Fair standards and local law. The focus of this document includes:

- **Legal Approval to Operate and County Resources**
- **Fair Employee Health and Safety**
- **Mutuel Clerk Health and Safety & SCOTWINC/NCOTWINC Requirements**
- **Suggested Facility Modifications & Policies for Guest Safety**
- **Resources**

CARF Staff are here and eager to help you through the reopening process, including assistance with your county paperwork if required.

Please reach out if you need anything. Information will continue to change as this process evolves.

Feel free to reach out to myself, Heather or Juliana if you need anything via our e-mail or our cell phones at any time.

OBTAINING LEGAL APPROVAL TO REOPEN & COUNTY APPLICATION PROCESS

BACKGROUND & RESOURCES BY COUNTY

Background

On March 19, 2020, Governor Newsom issued an Executive Order directing all residents to heed the State Public Health Officer's Stay-at-Home order which requires all residents to stay at home except for work in critical infrastructure sectors authorized as necessary activities.

On April 14th, the State presented the Pandemic Roadmap, a four-stage plan for modifying the Stay-at-Home order, and, on May 4th, announced that entry into Stage 2 of the plan would be imminent.

This variance allowed for counties to adopt aspects of Stage 2 at a rate determined by the County Local Health Officer.

Due to a higher level of preparedness in many counties, the state has issued a second variance opportunity for certain counties that did not meet the criteria of the first variance attestation.

Local Variance by County

A county that has met the State criteria in containing COVID-19 may modify how the county advances through each stage, either to move more quickly or in a different order, of California's Roadmap to modify the Stay-at-Home order. Counties that attest to meeting criteria can only open a sector for which the state has posted sector guidance.

Application Process by Individual County

Depending on the progress of each individual county, an application will need to be completed and submitted to your County Health Department. In Stage 2, the closest application for a satellite wagering facility at this time is "Retail" or "Dine-In Restaurants." It is possible that many satellites will need to wait for their county to reach Stage 3 or Stage 4.

Please check with your county representative as to business status and the application process.

State/County Resources

Where available, the applications for “Retail” and “Dine-In Restaurant” businesses are linked as samples for you to review the type of information that your county may require. Requirements specific to entertainment and gambling establishments will become available in later stages.

FAIR EMPLOYEE HEALTH & SAFETY

BEST PRACTICES & RECCOMENDATIONS

Fair Standards for Employee Safety

Fair protocols for determining employee safety and sanitization standards will vary by Fair and by county. This document is intended to serve as a starting point. Each Fair will need to increase or decrease the degree of implementation based on your Fair's individual circumstances, company values and local law.

Best Practices to Consider:

- Assess employees who are in high-risk categories (See Resources¹).
- Require all employees to wear face masks.
- Require all front-line employees to wear disposable gloves.
- Require non-disposable face masks to be washed after each shift.
- Require employees to wash their hands frequently with soap and water for at least 20 seconds. When soap and running water are unavailable, provide an alcohol-based hand rub with at least 70% alcohol. Require employees to always wash hands that are visibly soiled.
- Educate employees to be aware of touching their eyes, nose or mouth and to avoid touching those areas when possible. Encourage employees to always wash their hands before touching their face.
- Practice good respiratory etiquette, include covering coughs and sneezes. Educate employees to cover their mouth and nose with a tissue when coughing or sneezing and to throw the used tissue in the trash. If tissue is not available, encourage employees to cough or sneeze into their elbow, not their hands.
- Encourage employees to not come to work if they are experiencing cough, fever, difficulty breathing, chills, muscle pain, headache, sore throat, recent loss of taste or smell.
- Require employees to notify their Supervisor if sick and to stay home.
- Teach employees to recognize personal risk factors. According to the U.S. Centers for Disease Control and Prevention, certain people, including older adults and those with underlying conditions such as heart and lung disease or

diabetes, are at higher risk for developing more serious complications from COVID-19.

- Check employee temperature, preferably with a non-touch temporal thermometer.
- Consider requiring employees to self-screen at home, which is a State approved appropriate alternative to providing it at the establishment if following CDC guidelines.
- Consider installing a plexiglass or plastic barrier between any front-line employees and guests (i.e. admissions, program sellers, etc.).
- Perform regular health checks on employees.
- Reduce cross-use of equipment when possible (i.e. phones, desks, offices, work tools). When employees must share equipment, develop best practices for sanitizing equipment between uses.
- Encourage employees to limit physical contact with others as much as possible and direct others (co-workers, vendors, guests) to increase personal space to at least six (6) feet apart.
- Develop a plan to isolate and safely remove from the satellite an employee that develops a fever or begins to feel sick during a work shift.
- Direct an employee who tests positive for COVID-19 to seek medical consultation and to self-quarantine away from work for 14 days. Sick employees should follow CDC-recommended steps.
- Direct employees who have come in contact with an individual who has tested positive for COVID-19 (coworker or otherwise) to self-quarantine for 14 days from the last date of close contact with that individual. Close contact is defined as six (6) feet for a prolonged period of time.
- Make available information on employer or government-sponsored leave benefits the employee may be entitled to receive that would make it financially easier to stay at home. See additional information on government programs supporting sick leave and worker's compensation for COVID-19 (see Resources²).
- Develop a plan (COVID-19 Exposure Action Plan) for determining those co-workers or guests who might have come in close contact with a confirmed-positive employee who has worked a shift.
- If a confirmed case of COVID-19 is reported at the facility, determine if the facility meets the criteria for recordability and reportability under OSHA's recordkeeping rule.

MUTUEL CLERKS HEALTH & SAFETY

NCTOWINC/SCOTWINC COVID-19 PROGRAM DETAILS

NCOTWINC/SCOTWINC COVID-19 Program

NCOTWINC & SCOTWINC recognize that there is a need to develop a program that will ensure the safety of their employees as they re-enter the workplace. NCOTWINC & SCOTWINC will work with satellite management to ensure that the establishments are re-opening based on guidance from State and local government authorities.

The one-page NCOTWINC/SCOTWINC Covid-19 Program memo will be circulated to all fair and satellite managers. The following is a summary:

Requirements for NCOTWINC/SCOTWINC Employees:

- Require sick employees to stay home.
- Send any employee displaying symptoms home immediately.
- Encourage respiratory etiquette, including covering coughs and sneezes.
- Perform frequent environmental cleaning of betting machines and hard services in the wagering area with a recommended disinfectant.
- Require frequent handwashing with soap and water for at least 20 seconds (refer to signage requirement above).
- Personal Protective Equipment will be required. PPE's include face coverings and gloves.

NCOTWINC/SCOTWINC Employee Training

NCOTWINC/SCOTWINC will provide all employees returning to the workplace with training telephonically. Training will include written protocols and handouts and will outline any requirements and/or expectations that the facility owners/operators may plan to institute which may affect pari-mutuel employees working at specific facilities.

NCOTWINC/SCOTWINC Requirement for Satellite Wagering Facilities

NCOTWINC/SCOTWINC will require the following from each satellite facility prior to reopening for pari-mutuel activities:

1. Provide proof that the facility is legally allowed to open.
2. Provide a copy of the facility's COVID-19 safety plan.
3. Installation of a plexiglass (or similar material) barricade to serve as a shield between manned terminals and customers.
4. Provide hand sanitizer and/or wipes in the public area of the wagering facility
5. Install social distancing markers on the floor in front of all wagering terminals (manned and unmanned).
6. Post signage to remind guests about social distancing requirements and provide staff to monitor compliance.
7. Post signage in the satellite wagering areas to encourage handwashing.

Sample Signage

SUGGESTED FACILITY MODIFICATIONS & POLICIES FOR GUEST SAFETY

CONSIDERATIONS & SUGGESTIONS

Fair and satellite managers will need to work together to determine which of these suggestions would best enhance public and employee safety for their individual satellite facility. These decisions are not mandated by CARF, but instead are best determined by building layout, individual Fair standards and local law.

CARF staff are available to help secure any items or vendors you may need. It is our hope that Fairs will share cost-effective suppliers, materials and vendors whenever possible.

Potential Modifications to the Building

- **Modifications to the Building Layout/Function may include:**
 - Utilizing a ticket/box office instead of the lobby for admissions.
 - Installing plexiglass at admissions counter if lobby is used.
 - Consider contactless payment at points of sale.
 - Create physical barriers, for example plexiglass or plastic sheeting, at any point of sale.
 - Determine and implement physical distancing parameters for tables (recommend at least 6 feet apart).
 - Place one chair per table until max building capacity is reached (you will need to determine if you will allow guests from the same household to sit together).
 - Consider building access and creating one entrance and one exit.
 - Develop a method to monitor building capacity (count ins/outs, document hourly).
 - Consider if you need to create policies or physical modifications for intra venue movement, shared open spaces, security screening, drop off and pick up for occasional IRS transactions, and a reservation system for big race days based on new capacity.
 - Equip spaces such as dining areas, bar areas, host stands, and kitchens with proper sanitation products, including hand sanitizer and sanitizing wipes to all staff directly assisting customers.
 - Close every other stall, urinal and sink in the restrooms to ensure physical distancing.

- Evaluate money room and other offices for adequate ventilation.
 - Consider installing portable high-efficiency air cleaners, upgrading the building's air filters to the highest efficiency possible and making other HVAC upgrades, including UV filtration.
 - Consider touch-free modifications to door handles and paper towel dispensers.
 - Evaluate smoking policies and smoking areas.
 - Consider if lottery should be discontinued or curtailed.
- **Installing Signage:**
 - Post general rules/policies of the building in a manner that they can be easily viewed prior to entry (including building capacity, guest requirements to enter, contactless payments, etc.).
 - Stay healthy tips.
 - Handwashing guidelines in restrooms and other areas (see Resource³).
 - Floor decals spaced six (6) feet apart for guests to stand in any area that a line may congregate (i.e. admissions area, mutuel lines, food services, bathrooms, etc.).
- **Admissions/Entry** - Fair and Satellite Managers will need to consider, based on facility layout, company values and local laws, developing the following policies for allowing guests entry:
 - Capacity of building and physical distancing parameters.
 - Offering reserved seating.
 - Requirement to wear masks.
 - Requirement for temperature check by security.
 - Requirement for verbal agreement to abide by facility policies.
 - Determine mandatory spacing at entry (recommendation is 6' apart).
 - Consider only allowing one guest in the lobby at a time.
 - Disallow guests with symptoms to enter (See Resource⁴).
 - Require guests to self-scan CalRacing Cards.
- **Food & Beverage**
 - No bar services in Stage 2. Currently in California bars are disallowed and alcohol can only be sold in the same transaction as a meal. This requirement can be modified in Stage 3 & Stage 4.
 - For facilities that require guests to wear masks, consider a separate dining area with appropriate distancing between tables.
 - Require lids on all drinks.
 - Only refill drinks in fresh glasses.
 - Provide disposable menus.

- Discontinue pre-setting tables with napkins, cutlery and glassware. These items should be supplied individually to guests as needed.
- Suspend use of shared food items such as condiment bottles, salt and pepper shakers, etc. and provide these items in single serve containers when possible. Where this is not possible, disinfect item after each use.
- Thoroughly clean each customer dining location after every use, allowing for adequate time for proper disinfection, following product instructions.
- Servers, bussers, and other workers moving items used by customers (dirty cups, plates, napkins, etc.) or handling trash bags should use disposable gloves (and wash hands before putting them on and after removing).
- Dishwashers should use equipment to protect the eyes, nose and mouth from containment splash using a combination of face coverings, protective glasses and/or face shields. Dishwashers must be provided impermeable aprons and change frequently. Reusable protective equipment such as shields and glasses should be properly disinfected between uses.

- **Janitorial Services & Employee Sanitization**

- Develop a detailed cleaning checklist for janitorial staff and document cleaning times.
- Consider adding additional janitorial staff to assist in constant disinfecting.
- Order additional stock of janitorial supplies.
- Provide time for employees to implement cleaning practices during their shift. Cleaning assignments should be assigned during working hours as part of the employees' job duties.
- When choosing cleaning chemicals, use products approved for use against COVID-19 on the Environmental Protection Agency (EPA)-approved list and follow product instructions. Use disinfectants labeled to be effective against emerging viral pathogens, diluted household bleach solutions (5 tablespoons per gallon of water), or alcohol solutions with at least 70 percent alcohol that are appropriate for the surface. Provide employees training on manufacturer's directions and Cal/OSHA requirements for safe use (See Resource⁵).

Perform thorough cleaning in high traffic areas, such as lobby, admissions counter, stairways, stairwells, handrails, etc. Frequently disinfect commonly used surfaces including doors, door handles, crash bars, light switches, tables, chairs, credit card terminals, ATM pin pads, etc.

- Post cleaning documentation in view of guests.
- Require that restrooms be sanitized hourly and logged by fair employee.

- Ensure bathrooms have adequate supplies of soap, alcohol-based hand cleaners and paper towels.
- Pay additional special cleaning attention to areas of frequent hand contact (i.e. doorknobs, faucets, handrails, food preparation and serving areas, seats, etc.)
