Summary: The Horse Racing Law requires each licensed racing association to designate a certain number of racing days to be conducted as charity days for the purpose of distribution of the net proceeds to beneficiaries. Current law requires that beneficiaries of these proceeds be a nonprofit corporation or organization entitled by law to receive a distribution made by a distributing agent, exempt or entitled to exemption from state and federal income taxes, engaged in specified beneficial activities, and approved by the California Horse Racing Board. Current law requires, among other distributions, that at least 30% of the distribution from charity day racing go to charities associated with the horse racing industry. This bill would instead require that at least 40% of the distribution from charity day racing go to charities associated with the horse racing industry.

Summary: Current law establishes the Bureau of Gambling Control under the direction of the Department of Justice. Current law requires the commission to establish a 10-member Gaming Policy Advisory Committee composed of representatives of controlled gambling licensees and members of the general public in equal numbers. Existing law requires the executive director of the commission to convene the committee, from time to time, for the purpose of discussing matters of controlled gambling regulatory policy and any other relevant gambling-related issue. This bill would increase the membership of the committee from 10 to 12 members and would require the additional members to include one representative of academia who possesses knowledge on matters related to gaming and one representative from the bureau. The bill would require the executive director to convene the committee at least twice every calendar year, rather than from time to time.

Summary: Current law requires, for every year that the Breeders' Cup World Championship series is conducted at a race meeting in California, that specified amounts that would have otherwise been

distributed to a purse account be made available to the organization operating the series for the purpose of promoting and supporting the Breeders' Cup World Championship. This bill would require these amounts to be available to the thoroughbred racing association hosting the Breeders' Cup World Championship as well as to the organization operating the series. This bill contains other related provisions and other existing laws.

Summary: Current law authorizes the California Horse Racing Board to approve minisatellite wagering sites, as defined, under specified conditions. Current law requires an organization formed by associations or fairs to operate the audiovisual signal system to execute a specified agreement with the association conducting a racing meeting and the minisatellite wagering facility that specifies, among other things, the components of its racing program, including live, out-of-zone, out-of-state, and out-of-country races, that an association or fair will make available to the site. This bill would explicitly require the agreement to specify which live in-state races would be provided by the association or fair to the site. The bill would also make nonsubstantive changes, including deleting obsolete language.

Current law requires the commission to establish a 10-member Gaming Policy Advisory Committee and requires the executive director of the commission to convene the committee, from time to time, for the purpose of discussing matters of controlled gambling regulatory policy and any other relevant gambling-related issue. 1st House				2nd House							

Summary: Current law prohibits an ordinance that would result in an expansion of gambling in the city, county, or city and county from being valid unless the amendment is approved by a majority of the voters. Current law requires an amendment to a city or county ordinance relating to a gambling establishment or the act to be submitted to the Department of Justice for review and comment before the ordinance is adopted by the city or county. This bill would create an additional exception to that prohibition by authorizing a city, county, or city and county, commencing January 1, 2022, to amend its ordinance to increase the number of gambling tables that may be operated in a gambling establishment by up to 2 tables each calendar year, up to a maximum total of 10 additional tables, above the number of tables authorized in the ordinance in effect on January 1, 2022. The bill would authorize a city, county, or city and county's jurisdictional limit to be expanded to accommodate the increase of gaming tables authorized by the bill. The bill would extend until January 1, 2028, the prohibition against a city, county, or city and county amending an ordinance to expand gaming in that jurisdiction beyond that permitted on January 1, 1996.
