Mr. Swartzlander asked all speakers to please identify themselves and to provide comments only, as questions will not be answered at this time.

Bill Nader, President and CEO, Thoroughbred Owners of California (TOC): Mr. Nader stated that he listened intently to what has been said and feels that we are all rowing in the same boat trying to formulate what might be options for the industry to consider collectively,

understanding the many stakeholders and people affected. Mr. Nader stated that as industry discussion continues and questions are answered, TOC will be able to form a position.

Doug Burge, President, California Thoroughbred Breeders Association (CTBA): Mr. Burge stated that his organization represents breeders throughout California and that 60% of horses that race in Northern California are Cal-Breds. CTBA supports the expanded calendar CARF has presented and will back efforts that give horsemen confidence that they can breed in California, buy and sell in California sales and feel assured that racing will continue in Northern California.

Blaine Wright, Trainer: Mr. Wright stated that he and Tim McCanna are Washington-based horsemen and that the closure of smaller tracks in Washington, for reasons similar to what California is now facing, have resulted in decimating the racing and breeding industry, resulting in foal crops of 200 horses annually. Mr. Wright stated that he will support the efforts being made to continue racing in Northern California and believes that consolidating racing to the larger tracks in Southern California could have similar long-term effects to what has occurred in Washington.

Jim Morgan, member of the public: Mr. Morgan applauded CARF's efforts and supports retaining and protecting host status in Northern California, thereby seizing the opportunity to enhance purses, undertake capital improvements and establish economic viability in Northern California.

Justin Oldfield, Northern California Breeder and Farm Owner: Mr. Oldfield thanked CARF for addressing the Golden Gate Fields announcement so quickly and wanted to echo Mr. Burge's comments regarding the California breeding program and protecting the viability of raising foals in Northern California. Mr. Oldfield supports CARF efforts to race year-round in Northern California, but stressed coming to a resolution as quickly as possible to give owners of breeding stock time to make the necessary decisions depending on the outcome of the 2024 Northern California racing calendar.

Michael Haake, representative Local 280: Mr. Haake expressed support of retaining year-round racing in Northern California on behalf of mutual employees and supports the Sonoma County Fair rejoining CARF.

Agenda Item 3 – Closed Session: Conference with Legal Counsel – Anticipated Litigation. Mr. Martinez reported that the CARF Board of Directors heard legal counsel related to the anticipated closure of Golden Gate Fields in closed session; no action taken.

Agenda Item 4 – Report, Discussion and Action, if any, on Stabling and Racing Transition from Golden Gate Fields. Mr. Swartzlander referred to a point paper he circulated to the Board and public titled, "DRAFT CARF Position on 2024 Racing Program." CARF's

initial reaction to The Stronach Group's (TSG) announcement of their intent to permanently close Golden Gate Fields and cease racing in Northern California is that CARF will need to establish a base of operations to continue year-round racing in the Northern zone. Mr. Swartzlander feels it is essential for Golden Gate Fields to stay open through June 2024 to give horsemen sufficient time to relocate their families and horses while giving CARF the opportunity to begin establishing a hub for year-round racing operations. Mr. Swartzlander stated TSG's announcement is recent and leaves almost all questions unanswered. He asked for the public's patience while CARF staff tries to ascertain more information to formulate a path forward for the horsemen, backstretch workers, track employees, vendors, and fans.

Agenda Item 5 – Report, Discussion and Action, if any, on Fantasy Sports. Mr. Swartzlander reported that CARF staff continues to move forward in updating the legal opinion regarding the legality of fantasy contests in California.

Agenda Item 6 – Executive Director's Report. No report.

Summary: Current law requires the California Gambling Control Commission to establish a 10-member Gaming Policy Advisory Committee composed of representatives of controlled gambling licensees and members of the general public in equal numbers. Current law requires the executive director of the commission to convene the committee, from time to time, for the purpose of discussing matters of controlled gambling regulatory policy and any other relevant gambling-related issue. This bill would increase the membership of the committee from 10 to 12 members and would require the additional members to include one representative of academia who possesses knowledge on matters related to gaming and one representative from the bureau. The bill would require the executive director to convene the committee at least twice every calendar year, rather than from time to time.

Summary: Current law requires the Department of Justice to investigate any violations of, and to enforce, the Gambling Control Act. Under the act, a city, county, or city and county may authorize controlled gambling consistent with state law. Current law, however, prohibits an ordinance that would result in an expansion of gambling in the city, county, or city and county from being valid unless the amendment is approved by a majority of the voters. Current law requires an amendment to a city or county ordinance relating to a gambling establishment or the act to be submitted to the department for review and comment before the ordinance is adopted by the city or county. Prior law, until January 1, 2023, prohibited the commission from issuing a gambling license for a gambling establishment that was not licensed to operate on December 31, 1999, except as specified. This bill would reenact that prohibition until January 1, 2043, and would prohibit the commission from issuing a gambling license for a gambling establishment that was not licensed to operate on December 31, 2022, and that is pending before the commission as of January 1, 2024.

Summary: The Horse Racing law authorizes the California Horse Racing Board to issue a license to an association or a fair to conduct a horse racing meeting in accordance with its provisions at the track specified in the written application, as specified. Under the Horse Racing Law, the board may allocate racing weeks to an applicant, subject to specified limitations, and specify the racing days, dates, and hours for horse racing meetings that will be in the public interest and will subserve the purposes of that law. The Horse Racing Law requires the board to make allocations of racing weeks as it deems appropriate and specifies the maximum number of racing weeks that may be allocated for horse racing other than at fairs, including, for thoroughbred racing, a maximum of 44 weeks per year of racing weeks in the northern zone and a maximum of 49 weeks per year in the combined central and southern zones. If the board does not license a thoroughbred race meet to be conducted by a racing association at a racetrack located in a specified location in the northern zone after July 1, 2024, this bill would deem a thoroughbred racing association, or racing fair, licensed to meet in the southern or central zone to be operating in the northern zone during certain racing weeks for the purpose of conducting all permissible forms of wagering in the northern zone and making and receiving required distributions from those wagers. The bill would require mandatory distributions to be made in accordance with requirements applicable to the northern zone, as specified, and would require amounts generated for purses and commissions to be distributed in accordance with prescribed requirements.

Summary: Current law requires a person who deals, operates, carries on, conducts, maintains, or exposes for play any controlled game in this state, or who receives any compensation or reward, or any percentage or share of the money or property played, for keeping, running, or carrying on any controlled game in this state, to apply for and obtain a valid state gambling license, key employee license, or work permit. Current law provides that an owner of a gambling enterprise is known as the owner-licensee. Under existing law, other persons who also obtain a state gambling license do not receive a separate license certificate, but instead the license of those persons are endorsed on the license certificate that is issued to the owner-licensee. Under current law, a key employee license entitles the holder to work as a key employee in any key employee position at any gambling establishment, provided that the key employee terminates employment with one gambling establishment before commencing work for another. Current law also authorizes a key employee with a valid personal portable license to work as a key employee in any key employee position in more than one gambling establishment and requires the commission to establish a program for portable personal licenses for key employees. This bill would repeal those provisions relating to key employees working at different gambling establishments, would authorize the commission to adopt regulations to waive any application requirement for an applicant who already possesses a license in good standing, and would require the commission to adopt regulations, as specified, implementing a new owner license that allows for a person or entity to be endorsed on the license certificate of multiple gambling enterprises.

Summary: Would, until January 1, 2026, authorize an eligible legislative body to use alternate teleconferencing provisions related to notice, agenda, and public participation, as prescribed, if the city council has adopted an authorizing resolution and 2/3 of an eligible legislative body votes to use the alternate teleconferencing provisions. The bill would define "eligible legislative body" for this purpose to mean a neighborhood council that is an advisory body with the purpose to promote more citizen participation in government and make government more responsive to local needs that is established pursuant to the charter of a city with a population of more than 3,000,000 people that is subject to the act. The bill would require an eligible legislative body authorized under the bill to provide publicly accessible physical locations for public participation, as prescribed. The bill would also require that at least a quorum of the members of the neighborhood council participate from locations within the boundaries of the city in which the neighborhood council is established. The bill would require that, at least once per year, at least a quorum of the members of the eligible legislative body participate in person from a singular physical location that is open to the public and within the boundaries of the eligible legislative body.

Summary: Would require all new building and major renovation projects larger than 10,000 gross square feet undertaken by state agencies, and for which the project schematic design documents are initiated by the state agency on or after January 1, 2024, to obtain the Leadership in Energy and Environmental Design or "LEED" Gold or higher certification, except as provided. The bill would instead require the state agency to obtain LEED Silver certification if the state agency concerned makes a finding that achieving LEED Gold conflicts with critical operational or security requirements, is demonstrably cost ineffective, or conflicts with California Building Code requirements. The bill would authorize certification to an alternative equivalent or higher rating system or standard, if any, only when approved by the Director of General Services.

(Alvarado-Gil D) Horse racing: state-designated fairs: allocation of revenues: gross receipts for sales and use tax.

Current Text: Amended: 6/26/2023 [html](#) [pdf](#)

1st House				2nd House							

Summary: Current law requires a tax return filed with the California Department of Tax and Fee Administration (CDTFA) that reports gross receipts for sales and use tax purposes to segregate the gross receipts of the seller and the sales price of the property on a line or a separate form when the place of sale in this state or for use in this state is on or within the real property of a state-designated fair, as defined, or any real property of a state-designated fair that is leased to another party. Current law requires, on or before November 1 of each year, the CDTFA to report to the Department of Finance the amount of the total gross receipts segregated on these tax returns for the prior fiscal year, and that 3/4 of 1% of the total gross receipts be included in the next annual Governor's Budget for use by the Department of Food and Agriculture for allocation to fairs and that those funds be transferred by the Controller to the Fair and Exposition Fund, which is continuously appropriated, as prescribed. Existing law provides that certain revenues deposited into the Fair and Exposition Fund are appropriated without regard to fiscal years for allocation by the Secretary of Food and Agriculture for capital outlay to California fairs, as specified. This bill would increase the amount of the total gross receipts required to be included in the next annual Governor's Budget for use by the Department of Food and Agriculture and transferred to the Fair and Exposition Fund, as specified, from 3/4 of 1% to 3.5%. From the funds subject to allocation by the Secretary of Food and Agriculture for capital outlay to California fairs, which the bill would increase by adding this 3.5% gross receipts transfer, the bill would require, each fiscal year, the sum of \$2,500,000, or an amount equal to 5% of the fund, whichever is greater, to be paid to the department for purposes of providing administrative services to fairs, as specified.
